Target Role: Software Engineer | Frontend Developer | SDE

Summary

Motivated Computer Science undergraduate seeking an SDE / Frontend Developer role where I can apply my problem-solving skills, contribute to real-world projects, and continuously grow as an engineer.

Experience

Python Programming Intern

Jan 2024 – Mar 2024

CodSoft (Remote)

- Developed and optimized Python applications and automation scripts, improving task efficiency.
- Automated recurring workflows with custom Python scripts.
- Participated in code reviews and maintained project documentation.

Projects

GitHub Profile Analyzer | *React, Vite, Chart.js, Framer Motion, GitHub REST API, CSS*

- Engineered a responsive SPA consuming the GitHub REST API to deliver instant profile analytics — solving scattered developer data discovery — with search history and profile bookmarks.
- Built interactive Chart.js dashboards (language distribution + star trends) with Framer Motion animations, dark/light mode toggle, and lazy-loaded repo list with language filters.
- Deployed to Netlify via CI/CD pipeline (npm run build); achieved mobile-first responsive layout with Vite-optimized bundling for fast load performance.

Stock Price Prediction | *Python, Scikit-learn, Pandas, NumPy, Matplotlib*

- Trained Linear Regression, Random Forest, and SVR models on 5+ years of market data achieving 89% accuracy; applied RSI and lag-based feature engineering to boost signal quality.

Password Generator | *Python, Tkinter*

- Built a GUI password generator with adjustable length and selectable character types (uppercase, lowercase, digits, symbols).
- Added one-click copy-to-clipboard functionality for generated passwords.

Simple To-Do List Manager | *Python*

- Developed a CLI to-do list app to add, remove, and view tasks with timestamps.
- Used file handling for persistent storage across sessions.

Technical Skills

Languages: Java, Python

CS Fundamentals: Data Structures & Algorithms, OOP, DBMS, Operating Systems

Web & Frontend: HTML, Chart.js, Vite

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code, Netlify

Education

Noida Institute of Engineering and Technology (NIET)

Bachelor of Technology (B.Tech.) in Computer Science

Greater Noida, UP

Expected: May 2027

Ma Durga Ji Senior Secondary Vidyalaya

Higher Secondary Certificate (Class XII) — Science — 84.25%

Jaunpur, UP

2021

Ma Durga Ji Senior Secondary Vidyalaya

Secondary School Certificate (Class X) — 83.24%

Jaunpur, UP

2019

Achievements & Certifications

- Infosys Springboard Certified — Data Structures & Algorithms using Java (2024)
- Infosys Springboard Certified — Object-Oriented Programming (OOP) using Python (2024)
- Academic record: 84.25% in Class XII Science; 83.24% in Class X
